

What's coming up – Covid19 update

Please be assured that Dementia Wellington is continuing to provide support and advice to all our clients at this time.

However, we are suspending our groups and our education programme for now. We are putting these groups on hold because our clients are vulnerable to Covid 19 and we want to do everything we can to minimise the risk of anyone becoming unwell and spreading the virus.

The following groups are on hold until further notice:

Supporter Groups

Cog Cafes

Living Well Groups

Education seminars /courses

We have taken steps to increase our availability via telephone and are working to develop additional guides and resources that will be available online soon.

We emphasise Dementia Wellington remains available for dementia related advice and support, a Dementia Advisor is available to speak to you between 9am and 5pm phone 04 972 2595.
